

Nathan Friedly

Smart, driven engineer and leader. Built companies and products from the ground up, managed remote teams, and shipped software used by millions.

Recognized expert in **JavaScript/Node.js/web development**. Contributed code to Node.js core, and ranked in the **top 1%** of JS developers worldwide.¹

Wide breadth of experience covering AI, DevOps, Data Science, IoT, UI/UX and languages including C#, Ruby, Python, Go, Rust, HTML, CSS, and others.

Interested in an engineering leadership role long-term, but happy to do whatever needs done - from programming to sales to sweeping floors.
